February 24, 2022

Dear Parents,

The students have enjoyed our focus on Canada through many "Team Challenges" and our Canadian Lunch this afternoon. On Monday, during chapel, I will be teaching about our Christian Heritage in our nation.

We are almost to the middle of our third quarter and we are making plans for the soon approaching spring. Next month we will be in the Energy Centre for gym on Thursdays so please have clean indoor non-marking runners for the Fieldhouse and outdoor gym gear for Tuesdays.

Please check on your children's progress in their schoolwork. They should have almost 1/2 of the PACEs or high school courses completed that are listed on the "Honor Roll" slips that were sent home. This will ensure that they are on schedule to complete their quarter's worth of work. We have a great group of students and believe Gods' best for them. Together we will see them do great exploits for the Kingdom.

It is also time to check on your children's school supplies. Many of our students in grade 1 to grade 6 are in need of new pencils. A few of them do not have rulers or headphones here as well.

I am excited to announce that both Jr. and Sr. Regionals will be happening this year. Jr. Regionals (ages 8-12) will be held at Eastside Christian Academy in Calgary on April 29. We have the privilege to host Sr. Regionals (ages 13-18) this year on Thursday, May 5 to Friday, May 6. Opportunities to attend and volunteer for both events will be available for parents. More information will be available in the coming weeks for both students competing and parent volunteers.

Please share with friends, neighbours, and family the great things that are happening at LCA. We are believing for many new students in the fall. As always word of mouth is our best advertising.

If you have any questions or would like to discuss your child's progress, please feel free to call.

God Bless,

Lynda Amesmann
Principal
